

# MIXER POUCH

Mixer Pouch, the pouch with a seal that separates the contents inside. Perfect for keeping dry or wet ingredients separated until the consumer opens the pouch. The seal that separates breaks effortlessly when the pouch is opened, making Mixer Pouch the ideal choice for a wide variety of snacks.

Tear the seal to open.

The dividing seal breaks upon opening.

Shake or stir to combine.

Mixer Pouch Dual Chamber Pouch Filling machines are available from Auspouch Processing Solutions.
